***MLD: Hollywood Med-Spa 7 CE's***

***Sunday, June 23, 2019***

***9am – 5pm***

Practitioners are introduced to the A & P of the lymph system learning the delicate balance of healthy lymphocyte production and eradication of toxins responsible for aging and cellulite. Promoted for both its health and beauty benefits, MLD has become among America's most requested modalities by plastic surgeons who recommend it for accelerated post-op healing to Certified MLD Practitioners in the Med-Spa. The full body 50-minute med spa style protocol taught in the course utilizes the gentle strokes researched & refined by Dr. Vodder and is painless to both patient & practitioner. Additionally, learn what other modalities pair perfectly for a 90-minute MLD combination that is on the menu and why Hollywood celebrities are utilizing the technique to get "red carpet" ready the natural way. You will also learn indications, contraindications, compression education, research & documentation for marketing written by doctors who promote and utilize MLD in practice.

***Boca Lymphlift of the Head, Neck & Face - 7 CE's***

***Monday, June 24, 2019***

***9am – 5pm***

Learn how to release the Fountain of youth within by tapping into the body's natural healing reservoir through the gentle strokes of MLD for the ultimate in anti-aging. Once developed and used for treating sinusitis and other inflammatory disorders, MLD was discovered to hold beauty benefits covering everything from acne to rosacea. The most recent revelations in research have revealed the lymph system is the underlying player in "Alzheimer's and diseases of the central nervous system." This course covers the history of MLD, indications, contraindications and ground breaking research that has put MLD on the A-list of celebrities, models and pro-athletes suffering post-concussion syndrome we treat utilizing these protocols. You will learn both the 15-minute add on service currently used in many of America's top Spa's and the full 50-minute protocol for alopecia, bell's palsy, skin conditions and much more.
